Ms. Beverly,

It is indeed my pleasure to invest with this letter of support to the National Public Housing Museum. This project is a great example of preserving the history and life stories of many residents of major cities across this country. It is my wish that Chicago and serve as an example of the Public Housing Culture that is being preserved and embraced.

I look forward to providing my political and personal support to assist with this endeavor. Please look forward to my involvement in a variety of ways to uplift this mission. I offer you my best and the best of my office as we look to support the permanent residency of the National Public Housing Museum.

Thank you for allowing me to share this message with you.
